GastroCleanse with Psyllium Husks 100 capsules
71040

Buy

Formulated with psyllium husks (a dietary fiber) to cleanse the intestinal mucosal lining, and increase fecal bulk, potentially regulating transit time. *Lactobacillus acidophilus* is a probiotic bacteria that uses fiber to produce short-chain fatty acids, assisting in the regulation of microbiology and intestinal permeability. Some nutrients in this formula support blood flow within the intestinal capillary beds which may enhance the absorption of nutritional value from food, while other nutrients decrease the potential for the absorption of toxins and unfriendly microbes. Comprehensive formula for cleansing the small and large intestine.*

Each 4 capsules contain:	
Vitamin C (as Ascorbic Acid)	150 mg
Magnesium (as Magnesium Citrate)	75 mg
Psyllium Husk	1700 mg
Activated Charcoal	580 mg
Goldenseal root extract	100 mg
Chlorophyl 50 mg	50 mg
Apple Pectin	50 mg
Lactobacillus acidophilus	50 Million

Other ingredients: Stearic acid, cellulose, silicon dioxide

Suggested Use:
As a dietary supplement, 6 capsules twice daily with 12 oz. of water, or four (4) capsules 3 times daily with 8 oz. of water, or as directed by a healthcare practitioner.

CAUTION: It is very important to consume adequate amounts of water with this product. If transit time is not regulated in 12 to 24 hours, discontinue use.
