

Natural Vitamin E 100 IU Softgels

As D-Alpha Tocopherol Plus D-Beta Tocopherol, D-Delta Tocopherol, and D-Gamma Tocopherol

SUGAR, SALT AND STARCH FREE

Antioxidant

Vitamin E (alpha tocopherol) is a fat-soluble antioxidant that may help minimize the effects of free-radicals. In food, it helps prevent polyunsaturated fatty acids from breaking down and combining with substances that may harm the body. Vitamin E may also help: maintain muscle and nerve function; bring nourishment to cells; strengthen capillary walls; protect red blood cells; promote healthy immune function; and, decrease platelet aggregation (thins blood).** Solgar offers dry and mixed forms of natural vitamin E (d-alpha tocopherol) in a variety of potencies.

**These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure, or prevent any disease.
