

Aloe Vera Whole Leaf Juice

Description

Nature's Way Certified Organic, Whole Aloe Vera offers the rich benefits of the most potent part of the aloe plant, enhanced with Aloe PolyMax, a proprietary aloe polysaccharide extract, making it the most potent and effective source of natural aloe polysaccharides. Our Aloe Vera is guaranteed pure. Each plant is certified organically grown in rich fertile soil, harvested at the peak of nutrient potency and freshly-cold processed to yield 99.7% pure aloe. No aloin or harmful bitter constituents are present.

Usage

This Aloe can be used topically and internally.*

Recommended Daily Dosage

Drink 8 oz. per day of enhanced, nutritious Nature's Way Aloe Vera or mix into your favorite juice or smoothie. Nature's Way Aloe Vera can also be applied topically as needed.

Citric Acid, Potassium Sorbate, Sodium Benzoate

Sizes & Suggested Retail Price

1 liter - \$8.99

Quality Issues

Nature's Way Aloe Vera is the only brand to exceed the highest standards of the International Aloe Science Council (verification of aloe content and purity) and the International Aloe Certification Laboratories (verification of polysaccharide content). Aloe nutrients deteriorate when exposed to oxygen. To prevent this Nature's Way Aloe Vera is bottled using a unique nitrogen process to eliminate oxidation and preserve potency.
