Usage
Golden Seal is a very important traditional herb. Golden Seal was listed from 1860 to 1926 in the U.S. Pharmacopoeia. It was primarily used for inflammations of the mucous membranes. Native Americans used Goldenseal both internally and externally and also derived a dye from the root. *

Recommended Daily Dosage
Take two capsules daily with water at mealtimes or prepared as a tea. For best results, use for two weeks continuously, then take a one or two week break.

The following list is for serving size of 2 capsules
