

DGL

(Fructose Free / Sugarless / Vegetarian)

Supports the lining of the stomach and the intestinal tract†

Dietary Supplement

Product Numbers: 09021

Product Quantities: 100 Chewable Tablets

DGL is a chewable extract of deglycyrrhizinated licorice (DGL) and the amino acid glycine. It's in chewable form because saliva promotes absorption and ensures optimum value. Studies have shown DGL stimulates and/or accelerates the natural protective factors in the digestive tract, which helps relieve stomach discomfort immediately.† In our original DGL, we add fructose to sweeten this extract's distinctive flavor. However, some individuals prefer no sweeteners, so we offer DGL without sugar or fructose.

Product Nutrient Categories: Amino Acid Herbal

Recommendations: Chew two tablets twenty minutes before each meal.

Serving Size: 2 Chewable Tablets	**Amount/Serving**	**%DV**
Calories	10	
Sodium	5 mg	<1 %
