

# Cell Guard™

## CoQ10/N-Acetyl Cysteine Potentiator Complex

enlarge bottle

Cell Guard is a combination of potent antioxidants and other vital nutrients, to enrich and protect the micronutritional environment of your cells. Cell Guard includes the antioxidants beta carotene, vitamin E, selenium and N-acetyl cysteine (NAC). NAC is itself an antioxidant and a precursor to glutathione, another antioxidant that assists in the liver's detoxification pathways. Cell Guard also furnishes coenzyme Q10. This antioxidant plays an important role in the Krebs cycle, which converts food into energy by producing the high-energy molecule ATP. Cell Guard also supplies a unique herbal blend, including astragalus and the adaptogen ginseng, to support your well-being.

**Supplement Facts**

Serving Size: 3 tablets

| | Amount | %DV |
|---|---|---|
| Vit A (Beta Carotene-15,000 IU & Palmitate-10,000 IU) | 25000 IU | 5 |
