Modified Citrus Pectin Powder 16 oz (454 grams)
71990

Buy

Same as Item # 72060, in a more economical powdered form. Modified citrus pectin is different from other pectin because of the way it is prepared. It is modified by a proprietary process, which reduces the molecular weight of the pectin molecule. Derived from organic citrus pectin.

Average molecular weight: 30kD
pH: 6.0 - 7.2
Methoxylation: Not more than 5%

Each teaspoon (5g) contains:	
Calories	20
Sodium	295 mg
Total Carbohydrates	5 g
Dietary Fiber	3 g
Sugars	2 g
Modified Citrus Pectin	5 g

Suggested Use:
As a dietary supplement, 5 to 15 grams per day. Dissolve one rounded teaspoon (approx. 5 g) of powder in water, juice, or other liquid and drink one to three times per day, or as directed by a health practitioner. NOTE: For easier mixing, place Modified Citrus Pectin powder in a jar or shaker with desired liquid and shake.

CAUTION: Those on a sodium-restricted diet should consult their healthcare practitioner before use.
