Sambucol™ for Kids

Description
Sambucol for Kids is a special formulation of the award winning black elderberry extract developed by world-renowned virologist, Dr. Madeleine Mumcuoglu. This delicious berry flavored syrup also contains echinacea and propolis. Sambucol is the world's best selling and most extensively researched black elderberry extract and is produced with a patented process which uniquely isolates the key active constituent of elderberries.

Sambucol™ Lozenge

Quality Issues
Laboratory tests show that only Sambucol contains the active constituent of elderberry responsible for it health promoting properties. It is the only clinically researched elderberry extract. Sambucol was awarded the best new herbal product in 1996, and has won three consecutive Vity Awards as the best elderberry product.

Usage Warnings
After taking this product for 6-8 weeks, a two week break is recommended before restarting for best results.
