

Nutritional Supplement Consultation - Willner Chemists

Please note: This appointment is not for a medical consultation. We are not doctors. You will have an opportunity to spend up to 20 minutes with one of our pharmacists or nutritionists, who will evaluate your nutritional and herbal supplement regimen. You will be offered advice on how to customize your regimen to best fit your unique supplement requirements based on your health conditions, diet, lifestyle and special needs. We will answer your questions about specific vitamin, herbal, and homeopathic supplements. This advice is not to be considered a substitute for medical advice related to the cure, treatment, prevention or mitigation of disease. You are under no obligation to purchase anything.

To assist us in providing you with as much help as possible, please fill out (or be prepared to provide) the following information. Fax or email to Willner Chemists before your appointment, if possible.

Fax: 212-682-6192; Email: custserv@willner.com
