

Calcium D-Glucarate

Cellular Detoxifier

enlarge bottle

Calcium D-Glucarate includes the patented compound glucarate which has been shown to enhance the major detoxification pathways in the body. Calcium D-Glucarate, the calcium salt of D-glucaric acid, is found naturally in the human body and in a variety of fruits and vegetables. Animal studies have shown that Calcium D-Glucarate inhibits B-glucuronidase, thereby enhancing the process of glucuronidation, in which foreign organic compounds, fat-soluble toxins and excess steroid hormones such as estrogen are detoxified and excreted from our bodies.

Supplement Facts

Serving Size: 3 tablets

	Amount	%DV
Calcium (from 505 mg calcium D-glucarate)	186 mg	0.12

Other Ingredients: sorbitol, stearic acid, modified cellulose gum, colloidal silicon dioxide and magnesium stearate.

Warning: For adult use only. Calcium d-glucarate may increase the body's excretion of certain medications. If you are taking medication, or are pregnant or breastfeeding, consult your health care professional before using this product.

Suggested Use: 2 to 3 tablets with a meal three times daily. Additional benefits may be obtained by taking this product with antioxidants such as vitamins A, C, E and beta carotene.

SN0869 30 tabs • SN0870 60 tabs • SN0871 120 tabs
