Supplements

PABA 1000 mg - Sustained Release Tablets

Product No. 2100

Even as a lesser known member of the Vitamin B grouping, PABA has a substantial role to play. It assists in the metabolizing of protein, while simultaneously helping to keep folic acid at desired levels throughout the body. In a special base which provides for the gradual release of ingredients over a prolonged period of time.

Bottles of 60 #2100
