PRODUCT #: 0894
UPC: 733739008947
SRP: $22.99
Where to Buy
Add a Comment

Our most comprehensive blend of tocopherols, NOW Vitamin E 400 IU Mixed is a remarkable formula that works synergistically with other antioxidants to protect the body from cellular damage caused by harmful free radicals. By combining alpha-, beta-, delta-, and gamma- tocopherols, NOW's unique blend of these oxidation quenching nutrients is easily digested and critical to good overall health.

From the FDA's website: "Some scientific evidence suggests that consumption of antioxidant vitamins may reduce the risk of certain forms of cancer. However, FDA has determined that this evidence is limited and not conclusive."
