Ascorbyl Palmitate

Fat-Soluble Vitamin C Ester * Tablets, Powder and Capsules

enlarge bottle

Ascorbyl palmitate is a fat-soluble form of ascorbic acid that exerts the antioxidant activity characteristic of vitamin C on lipids throughout the body. In vitro studies have shown that ascorbyl palmitate may be more effective as an antioxidant in protecting lipids from peroxidation than water-soluble vitamin C.

Supplement Facts for tablets

Serving Size: 1 tablet

	Amount	%DV
Vitamin C (as ascorbyl palmitate)	212 mg	350%
Ascorbyl Palmitate (vitamin C ester)	500 mg	†

Other Ingredients: Other ingredients: dibasic calcium phosphate, microcrystalline cellulose, stearic acid, hydroxypropyl cellulose, modified cellulose gum and colloidal silicon dioxide.

Warning: If you are pregnant or breastfeeding, consult your health care professional before using this product.

Suggested Use: One to five tablets daily with meals.

Suitable for vegetarians and HYPOALLERGENIC: contains no yeast, dairy, egg, gluten, corn, soy or wheat. Contains no sugar, starch, salt, preservatives, or artificial color, flavor or fragrance.
