# Skin Eternal™

## (formerly Skin Renew™)

enlarge bottle

Skin Eternal contains five key ingredients that together protect the skin and support healthy skin tissue. Ascorbyl palmitate is a fat-soluble vitamin C ester, which may be more effective than water-soluble C in providing antioxidant protection to the lipids in cell membranes, according to in-vitro research. DMAE is an immediate precursor of choline, an important component of skin cell membranes. Alpha-lipoic acid is a powerful fat- and water-soluble antioxidant that recycles the antioxidant vitamins C and E. Grape seed extract scavenges lipid and water-soluble free radicals, and supports the integrity of elastin and collagen.

**Supplement Facts**

Serving Size: 2 tablets

| | Amount | %DV |
|---|---|---|
| Vitamin C (Ester, from ascorbyl palmitate) | 207 mg | 350% |
| Vitamin E (as natural D-alpha-tocopheryl) | 100 IU | 330% |
