Quality Issues
This product contains all of the active ingredients of cranberry without all the sugars added to mask all the tart natural flavors. When you take Nature's Way cranberry , you can enjoy the benefits of cranberry without the added calories.

Usage Warnings
No known drug interactions with antibiotics or other drugs; however, it should not replace antibiotic therapy in urinary tract infections.

Product Q&A

1. What part of the Cranberry plant is used in this product?
   The fruit.

2. How many capsules equal a glass of Cranberry juice?
   Nine capsules equal a six-ounce glass of the juice.

3. What is the difference between the encapsulated Cranberry fruit and the Concentrated Cranberry extract product?
   The single product called Cranberry Fruit is encapsulated dried whole Cranberry fruit. The Concentrated Cranberry extract is dried Cranberry juice powder, which also has 38 mg of Ester-C added to each capsule to increase Vitamin C potency.
