Finally, a high-strength, gentle, Whole Body Cleanse that enhances your body's own natural internal cleansing process for thorough detoxification†.

WHY CLEANSE?
Intestinal health is the foundation for nourshing all bodily systems. Years of environmental exposures to toxins, buildup of unhealthy waste substances, and improper eating habits can all take their toll. Sometimes the body needs help to cleanse, detoxify and refortify the intestinal system. Better health can be achieved through Enzymatic Therapy's Whole Body approach to detoxification and rebuilding.†

WHAT MAKES TRUE DISPERSION™ FIBER SO UNIQUE?

- Completely breaks down in less than 5 minutes – 5 to 15 times faster than the top 4 other leading encapsulated fiber products on the market.
- More mucilage content than flax fiber – cleanses more toxins†
- So revolutionary that it is patent-pending

So You Get All-the-Way Clean!†

In order to get the full benefit of fiber, it needs to dissolve. **ONLY** Enzymatic Therapy's True Dispersion™ fiber dissolves completely in less than 5 minutes. Other fiber capsules take a long time to breakdown or don't dissolve at all. Many fiber products actually turn into semi-solid slugs that may not fully dissolve in the digestive tract. True Dispersion™ fiber provides a better cleanse than other products because you get the full benefit of fiber that goes to work quickly and cleans all the way down.†
