Usage
Licorice has a 3000 year history as a medicine and as a flavoring agent. Glycyrrhizin, it's major active principle, is 50 times sweeter than sucrose. Licorice is currently one of the most widely used herbs and is very popular in China.*

Recommended Daily Dosage
Take one to three capsules three times daily with water at mealtimes or prepared as a tea.

The following list is for serving size of 3 capsules

Primary Ingredients	***Amount***	***USRDA***
