RxOmega-3 Factors™ Fish Oil Concentrate with Evening Primrose & Flaxseed Oils - NEW!

Code 4913 (120 Softgel Capsules) buy now

RxOmega-3 Factors™ is a pharmaceutical grade liquid fish oil concentrate providing the essential fatty acids EPA and DHA. Supportive but not conclusive research shows that consumption of EPA and DHA omega-3 fatty acids may reduce the risk of coronary heart disease.[1] One serving (2 softgels) provides 400 mg of EPA and 200 mg of DHA omega-3 fatty acids. Stringent quality control standards ensure this highly purified fish oil concentrate is free from toxic environmental contaminants and heavy metals like mercury.

This formula also contains evening primrose and organic flaxseed oil, which provides the important essential fatty acids gamma linolenic acid (GLA) and alpha linolenic acid (ALA).

Suggested Usage:
2 softgels, 1-3 times per day or as directed by a health professional. Keep out of reach of children.
Contains no artificial preservatives, color or sweeteners; no corn, dairy, starch, wheat or yeast.
Sealed for your protection.
