

DMG-B15-Plus™

Supports efficient use of oxygen in the body†

Dietary Supplement

Product Numbers: 04606

Product Quantities: 60 Capsules

DMG-B15-Plus™ contains essential nutrients for the heart: potassium, magnesium, and calcium.† Potassium is well-known for maintaining healthy blood pressure levels that are already within the normal range.† Magnesium is involved in membrane integrity, muscle contraction, and vascular tone.† Researchers continue to explore the connection between calcium and cholesterol levels.†

DMG-B15-Plus also supplies dimethylglycine (DMG) and trimethylglycine (TMG), which is converted to DMG in the liver. DMG is an intermediary of cell metabolism that may help the body use oxygen more efficiently.†

Product Nutrient Categories: Amino Acid Mineral

Recommendations: One capsule two or three times daily.

Capsule Size: 0

Serving Size: 1 Capsule	**Amount/Serving**	**%DV**
Calcium (from 31 mg of calcium gluconate)	3 mg	<1 %
