Silver Colloid Complex

A combination containing Colloidal Silver 15ppm, Olive Leaf, and Wild Oregano Oil

Phyto-Tech™ Silver Colloid Complex can be used on a daily basis as a preventative against illness, or it can be used once one is ill to support the body and speed healing. It is a broad-spectrum anti-microbial that can be taken internally for colds, flu, coughs, candidiasis, and parasites. It is also an effective external treatment for sore throats, infected wounds, acne, athletes toot, diaper rash, gum disease, nail fungus, and psoriasis. It is a great traveling aid, especially when traveling to third world countries.

In addition, Silver Colloid Complex is combined with Olive Leaf and Oregano Oil for added immune power. Olive Leaf is known for its effectiveness in fighting infections and supporting overall immunity. The key active ingredients of Olive Leaf are the iridoide monoterpenes or oleuropein. It is a powerful anti-microbial for bacteria and viral infections. Oleuropein is converted into elenoic acid in the body which may prevent viruses and bacteria from replicating. Oregano Oil is an anti-microbial that has an immediate impact on acute germ inundation. It is a broad spectrum and powerful. Research has found the phenol Carvacrol to be the active compound in Oregano Oil that gives it its powerful ability to kill bacteria, fungus, candida, and parasites.

There is an ongoing and unresolved debate over whether colloidal or ionic silver particles are more effective at killing pathogens. Studies show both as begin effective for the conditions discussed here. At the same time, there is some debate over whether or not the marketing claims for Colloidal Silver are overly enthusiastic. Silver Colloid Complex addressed both of these concerns. It employs a combination of both colloidal and ionic particles with a size of 15 ppm. A small particle size is important for the body to be able to absorb and circulate. With particle sizes larger than 30 ppm, a condition called argyria can occur. Argyria causes a bluish-gray discoloration of the skin, other organs, deep tissues, nails and gums.

Phyto-Tech™ Silver Colloid Complex contains the following: Colloidal silver 15ppm, Olive Leaf, Wild Oregano Oil (70% Carvacrol), Deionized Water, Pure Grain Alcohol, Non-GMO Soy Lecithin.

1 fl oz, Prod Code: 56972
1 fl oz, Spray, Prod Code: 57021
