

Femtrol™

Contains phytoestrogens to support female glandular function†

Dietary Supplement

Product Numbers: 08189

Product Quantities: 90 Capsules

Throughout history, women have used a variety of herbs such as dong quai, licorice root, chaste tree berry, black cohosh, fennel, and false unicorn root. Modern research shows these plants contain natural compounds called phytoestrogens, which offer support for female glandular function.†

Femtrol™ provides phytoestrogens from high-quality plant extracts with hesperidin and ascorbic acid. It also supplies Vitamin C and bioflavonoids which are highly concentrated in the ovaries.

Product Nutrient Categories: **Herbal** **Vitamin**

Recommendations: Two capsules three times daily.

Capsule Size: 0

Serving Size: 2 Capsules	**Amount/Serving**	**%DV**
