

Masculex®

Supports male glandular functions†

Dietary Supplement

Product Numbers: 08656

Product Quantities: 60 Softgel Capsules

Masculex® combines vitamin E, a powerful antioxidant, with natural food factors and herbal extracts to target male glandular functions.† This formula includes d-alpha tocopherol and wheat germ oil, natural sources of vitamin E. Relatively high levels of vitamin E are found in the adrenal and pituitary glands and the testes.

Masculex also contains extracts of *Muira puama*, *Mexican damiana*, and *Ginkgo biloba*. Men have used these herbs for centuries to round out a healthful diet. These botanicals provide biological compounds such as beta-sitosterol and other natural sterols, fatty acids, alkaloids, and flavonoids. Scientists are studying the value these compounds have for specific body functions.

Product Nutrient Categories: Fatty Acid | Glandular | Herbal | Vitamin

Recommendations: Two softgel capsules three times daily with meals.

Serving Size: 2 Softgel Capsules	**Amount/Serving**	**%DV**
Calories	10	
Calories from fat	5	
Total Fat	1 g	2 %
Protein	<1 g	<1 %
