Oral Tonic Complex

A therapeutic herbal mouthwash concentrate.

Who might benefit from this herbal supplement?

Those with periodontal disease; those with gum infections, abscess, or bleeding gums; those with halitosis (bad breath).

Phyto-Tech™ Oral Tonic Complex is excellent as a preventative or curative for periodontal (gum) disease (pyorrhea). As a mouthwash in water, it helps to kill bacteria in the mouth and gums, it will tighten gums that are puffy and it will decrease gum bleeding. It will also increase saliva that will inhibit bacterial formation. Oral Tonic Complex also makes ones mouth feel clean and fresh even though the formula is bitter initially. It can be used as a preventative before and after oral surgery. *Phyto-Tech™ Oral Tonic Complex contains the following: Goldenseal Root, Bayberry Root Bark, Prickly Ash Bark, Myrrh Gum, Coptis Root, Grain Alcohol, Deionized Water. Dosage: General: 30-90 drops in a little water and swish around vigorously in the mouth after brushing once per day. Acute infections: Repeat 3 times per day or massage directly into gums with ones finger.*

1 fl oz, Prod Code: 56992
