Dong Quai Root 1:3

A highly regarded, well known Chinese herb widely used for various menstrual and menopausal problems.

Who migfht benefit from this supplement? Women suffering from various menstrual irregularities; women seeking to lessen the symptoms of menopause (hot flashes, mood swings, irritability); women with premenstrual disorders (PMS) to decrease the discomfort of cramps, slow onset, dull ache, mood swings, bloating and irritability).

Phyto-Tech™ Dong Quai Root 1:3 contains Dong Quai Root, Alcohol Pure Grain, Water Pure Deionized; 333 mg/ml.

Herbalists consider Dong Quai to be an estrogen synergist. It sensitizes the binding or absorption sites where estrogen is absorbed into the body and will increase levels of estrogen. In menopause where estrogen is decreasing, it helps satisfy the bodies craving and diminishes symptoms. In PMS, Dong Quai accentuates the estrogen phase or phase from menses to ovulation. It is especially indicated for cycles longer than 28 days. It is contraindicated for cycles less than 28 days, which is estrogen excess (use Chaste Tree Berries here). Dong Quai will help bring a longer cycle back to a 28-day cycle, help bring on a crampy slow onset period and possibly help alleviate a dry vagina.

Contraindications: Pregnancy; Menses that have a cycle shorter than 28 days.

Dosage: 15-45 drops, 2-3 times per day or as needed in juice or water.

Complimentary Formulas:

Phyto-Tech™ Chaste Tree Berry (if cycle is shorter than 28 days or if progesterone deficient)
Phyto-Tech™ Menopause Complex (menopausal formula)
Phyto-Tech™ Menses Complex (if PMS)
Phyto-Tech™ Black Cohosh Root 1:3 (hot flashes, slow onset period)

1 fl oz - Product Code: 57001
List: $10.90 ~ Discount: $8.72
