Immune Complex

Supports healthy immune system function, especially on a long-term and preventive basis.

Who can benefit from this product?

Those who have a tendency to catch whatever "bug" is going around. Those who have frequent and long-lasting bouts of cold and flu, and those with any chronic immune deficiency problem. Phyto-Tech™ Immune Complex is a blend of immune system stimulating and adaptogenic herbs. When used long term, before symptoms are present it can decrease your risk of becoming ill. During illness, it helps prevent the spread of infections. Astragalus and Echinacea directly simulate immune function, while Red Root enhances lymphatic function. Suma, Eleuthero and Licorice are adaptogenic herbs that enhance immune function through strenghthened stress response. This adaptogenic component makes Immune Complex an ideal supplement to use during chemotherapy.

Phyto-Tech™ Immune Complex contains the following herbs: Fresh Echinacea angustifolia Root, Astragalus Root, Red Root, Suma Root, Licorice Root, Eleuthero Root.

Complimentary Formulas:

Phyto-Tech Ginseng Energy Blend, when fatigue and low energy present.
Phyto-Tech Astragalus Root 1:3, for added immune support.
Phyto-Tech Oregano Oil 70, for added immune support in acute conditions.
Phyto-Tech Respiratory Complex, when congestion is present.
Phyto-Tech Echina Acute Complex, for added immune support in acute conditions and when thick, discolored mucus is present.
Phyto-Tech Elderberry 1:2, especially for viral infections.

This is not intended for use after you have come down with the cold, flu or similar condition. In that case, use one of the "acute" formulas, such as Phyto-Tech™ Echina Acute Complex.

Phyto-Tech™ Immune Complex comes in a regular (alcohol) version and an alcohol free version.

1 fl oz ~ Regular Prod Code: 57003

1 fl oz ~ Alcohol Free ~ Prod Code: 57033
