Liver Support Caps, Standardized

This herbal blend has a systemic detox action, supporting liver function and blood cleansing, protecting the body from environmental and dietary toxins.

This formula is a modification of the liquid herbal Liver Support product already described. In a normal liquid extract, it is not possible to get levels of Silymarin, the active component of Milk Thistle, at the high levels called for in some of the clinical research. Therefore, this modified formula, in a liquid filled Veggie Cap was developed, with added standardized Silymarin content. *Each Phyto-Tech™ Liver Support Standardized Veggie Cap contains the following: Oregon Grape Root, Milk Thistle Seed, Yellow Dock Root, Burdock Root, Dandelion Root, Red Root, Fringe Tree Bark, and Silymarin (Milk Thistle) 80 mg.*

60 Liquid Filled Veggie Caps ~ Prod Code: 57048

Suggested Use:
Take 1 cap 1-3 times per day depending on the pace of cleansing desired, or as directed by your healthcare professional.

7 88332 12920 9

WARNINGS:
Do not take during pregnancy. Keep out of the reach of children.

Manufactured in a FDA registered, GMP compliant, NSF Certified facility
