# Cinnamon Bark 40

***This is a standardized Cinnamon Bark complex in a liquid filled veggie cap.***
***Historically, Cinnamon has been used for various gastrointestinal problems. More recently, interest has centered on the research showing that Cinnamon can help normalize blood sugar control. This is of major interest to those with type 2 diabetes.***

Who would benefit from this supplement? Those with blood sugar regulation problems, including type 2 diabetes, pre-diabetes, and cholesterol related conditions.

Each two liquid filled veggie caps contain 250 mg of Cinnamon Bark (alcohol extract), 75 mg of Cinnamon Bark (supercritical carbon dioxide extract, standardized ro 40 mg Cinnamaldehydes.

The Cinnamon used in Phyto-Tech™ Cinnamon supplements is Cinnamomum cassia, the species utilized in research. It is certified organic and vegetarian.
