

Cholestoril™

(Vegetarian)

Assists in fat and cholesterol breakdown†

Dietary Supplement

Product Numbers: 05504

Product Quantities: 45 Tablets

The breakdown of fat into energy requires the transport of fatty acids across cellular membranes. Pantethine (as a component of coenzyme A and acyl carrier protein) is essential in this process.† Clinical studies demonstrate pantethine, but not pantothenic acid, can help some individuals break down fatty acids and cholesterol more effectively.†

Product Nutrient Categories: Vitamin

Recommendations: One tablet three times daily with meals.

Serving Size: 1 Tablet	**Amount/Serving**	**%DV**
Pantethine	300 mg	*

*Daily Value (DV) not established.

Other Ingredients: cellulose, stearic acid, modified cellulose, modified cellulose gum, silicon dioxide, titanium dioxide color, magnesium stearate, and maltodextrin.

Contains No: sugar, salt, yeast, wheat, gluten, corn, soy, dairy products, artificial flavoring and preservatives. All colors used are from natural sources.

Notes: Pantethine is the bioligically active form of pantothenic acid (Vitamin B5) and exerts benefits well beyond pantothenic acid.† Pantethine is utilized by key enzymes involved in the transport and breakdown triglycerides (fatty acids) and cholesterol.†

† **This statement has not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.**
