Women's Energy Tonic

A combination of herbs that function as adaptogens, hormone balancers and circulatory stimulants.

Who might benefit from this herbal supplement?

Those women that help optimizing hormone balance; those women seeking an increase in energy and vitality; those women who need protection against the negative effect of stress; those women with mood swings, irritability, fatigue, PMS, stress, low libido and mild depression. Dong Quai and Chaste Tree Berry are popular herbs used for many menstrual irregularities. These herbs help regulate menstrual cycles, treat hot flashes, PMS, mood swings, bloating and infertility. Ashwagandha and American Ginseng are adaptogenic herbs that increase vigor, energy, vitality and resistance to illness and environmental stresses. Together, these two herbs work synergistically to prevent breakdown under stress and to also rejuvenate and restore vitality. Damiana has been called the "lover's herb" due to its traditional use as an aphrodisiac. It supports both female and male sexuality by carrying oxygen and increasing circulation to the genital area. It has also been used for strengthening and stimulating the nervous system and boosting mental and physical endurance. Gotu Kola has been traditionally used as an energizing, cognitive stimulating herb for use in fatigue, cognitive insufficiency and mood disorders. Phyto-Tech™Women's Energy Tonic can be used for occasional hormonal disturbances, but is best used as a tonic over an extended period of time (at least 3 months). *Phyto-Tech™ Women's Energy Tonic contains the following: Dong Quai root, Ashwagandha Root, Damiana Leaf, Gotu Kola Leaf, Fresh Ginkgo Leaf, Chaste Tree Berry, American Ginseng Root, Grain Alcohol and Pure Deionized Water. Dosage: 40-60 drops in juice or water, 2-3 times per day or as needed*
