Candida Complex

An Alterative Formula, with Anti-Fungal and Anti-Infective Properties. Clinically developed specifically for those with chronic candida and yeast infections.

Please Note: Chronic Candidiasis is not commonly recognized as a medical condition by conventional medicine; any diagnosis and/or treatment of this condition should be supervised by a health professional. This product is not intended to treat, cure or mitigate disease.

James Duke, Ph.D., in his book *The Green Pharmacy*, makes the following comment on Black walnut (Juglans nigra.) "Kathi Keville, author of *The Illustrated Herb Encyclopedia* and *Herbs for Health and Healing*, a California Herbalist whom I admire, recounts one impressive study showeing that the fresh husk of the black walnut destroyed candida better than a commonly prescribed antifungal drug . . ."

"Recurrent or chronic infections, including chronic candidiasis, are characterized by a depressed immune system. A repetitive cycle makes it difficult to overcome chronic candidiasis: a compromised immune system leads to infection, and infection leads to damage to the immune system, further weakining resistance." (Murray and Pizzorno, Encyclopedia of Natural Medicine)

Enhanced immune system function may be the most important component of treating this condition.

Each serving (30 drops) contains the following: Fresh Black Walnut Hull 150 mg, Fresh Spilanthes Flower 75 mg, Usnea Lichen 67 mg, Pau D'Arco Bark 67 mg, Oregon Grape Root 50 mg, Gentian Root 33 mg, Fennel Seed 17 mg, Tea Tree Oil 3 mg, Oregano Oil 1 mg, Grain Alcohol, Deionized Water.

Dosage: Take 30 drops 3 times a day in water before meals.
