SUGGESTED USAGE: Take 3 capsules 1 to 2 times daily, or as directed by your healthcare practitioner.

HOW IT WORKS: AHCC® is a unique extract produced by cultivation and enzymatic modification of the mycelia of the *Basidiomycota* group of mushrooms. Clinical studies have demonstrated that AHCC® may help support a healthy and balanced immune system response, as well as maintain healthy cell cycle function.* AHCC® also has been shown to promote proper liver function as well as a healthy response to typical everyday stress.*

CAUTIONS/INTERACTIONS: At doses exceeding the recommended daily serving, AHCC® has been associated with mild, transient GI disturbances. *In vitro* data suggest that AHCC® is an inducer of CYP450 2D6 and therefore may theoretically interact with drugs such as doxorubicin, ondansetron, tamoxifen, etc. Consult your healthcare practitioner if you are taking immunosuppressant medications or have an auto-immune condition.

***These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.**

AHCC® is a registered trademark of Amino Up Chemical Company, Ltd. of Sapporo, Japan.

This bottle is made from 100% PCR (post-consumer recycled) resin.
