

Krebs Magnesium-Potassium Chelates

(Vegetarian)

Supports normal heart muscle function†

Dietary Supplement

Product Numbers: 07766

Product Quantities: 60 Tablets

Potassium and magnesium may be the most important minerals within the heart. They contribute to heart muscle contraction through their role in energy production, and help maintain the electrical charge of the cells.†

Krebs Magnesium-Potassium Chelates provides potassium and magnesium chelated to the Krebs cycle intermediates so they are more readily absorbed by the body.

Product Nutrient Categories: Mineral

Recommendations: One tablet daily.

Serving Size: 1 Tablet	**Amount/Serving**	**%DV**
Magnesium (as chelated (Krebs) with citrate, fumarate, malate, succinate, and alpha ketoglutarate)	250 mg	63 %
Potassium (as chelated (Krebs) with citrate, fumarate, malate, succinate, and alpha ketoglutarate)	100 mg	3 %

Other Ingredients: cellulose, stearic acid, modified cellulose gum, modified cellulose, titanium dioxide color, silicon dioxide, and magnesium stearate.

Contains No: sugar, salt, yeast, wheat, gluten, corn, soy, dairy products, artificial flavoring and preservatives. All colors used are from natural sources.

Notes: The bio-active minerals are chelated to the Krebs cycle intermediates (citrate, fumarate, malate, succinate and alpha ketoglutarate). These organic acids are responsible for energy production within every cell of the body.† Minerals chelated to the Krebs cycle intermediates are better absorbed and utilized†.
