Laktoferrin with Colostrum 90 capsules
71950

Buy

Laktoferrin with Colostrum is prepared with lysozyme, which augments the activity of lactoferrin, in a base of colostrum. Each capsule contains 100 mg of qualified, purified lactoferrin obtained from the milk of Netherlands or New Zealand range grazed cattle, raised without the use of antibiotics, hormones and pesticides. Laktoferrin with Colostrum also contains 250 mg of colostrum obtained from the first milking (collected within the first 6 to 12 hours) of BSE free cattle which are grain and pasture fed, raised primarily in South Dakota, Minnesota and Wisconsin. Colostrum is rich in natural immune agents including immunoglobulins IgG, IgA and IgM, nucleotides, gamma interferon, orotic acid, enzymes and vitamin A, E, and B12.*

Each capsule contains:	
Lactoferrin (Bovine)	100 mg
Colostrum (Bovine)	250 mg
Lysozyme (Egg White)	5 mg
Other Ingredients:	
Cellulose, stearic acid.	

Suggested Use:
As a dietary supplement, 1 to 4 capsules per night before bed, or as directed by a healthcare practitioner.
