Proanidin 50™ and Proanidin 100™

Pycnogenol®/Proanthodyn™ Complex

enlarge bottle

Proanidin is a potent combination of two powerful bioflavonoids, Pycnogenol, extracted from Atlantic pine bark, and Proanthodyn, extracted from grape seeds. Both compounds are rich in proanthocyanidins, a special class of antioxidants that have been proven in in vitro studies to effectively scavenge both water- and lipid-soluble free radicals. In vitro studies have also demonstrated proanthocyanidins' ability to support the integrity of elastin and collagen, important constituents of connective tissue.

Supplement Facts for 50 mg
Serving Size: 2 tablets

	Amount	%DV
Atlantic Pine Bark Extract (Pycnogenol®)	50 mg	†
Yielding 90% Proanthocyanidins		
and Organic Acids		
Grape Seed Extract (Proanthodyn™)	50 mg	†
With a Proanthocyanidolic Value of 95		

Other Ingredients: microcrystalline cellulose, dibasic calcium phosphate, stearic acid, modified cellulose gum, colloidal silicon dioxide and magnesium stearate.
