Zinc Balance 15™

100 Capsules
Zinc Monomethionine
Copper Gluconate
Safe Usage Strength
Prod # 13008

Usage: Take one capsule per day, or every other day, preferably with food, or as directed by your qualified health consultant.

Zinc Balance™ is a synergistic combination of Zinc Monomethionate and Copper Gluconate in a 15:1 ratio because supplementing zinc without copper may cause copper deficiency. The amino acid Methionine facilitates absorption and transport of zinc in humans. Zinc Monomethionate resists absorption interference from fiber and phytic acid.

These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

SUPPLEMENT FACTS

Serving Size 1 Capsule	Amount	% DV
Zinc (as Monomethionine) (from OptiZinc™)	15 mg	100%
Copper (as Gluconate)	1 mg	50%

Other ingredients: Cellulose and magnesium stearate. Capsule consists of gelatin. Contains NO common allergen.
