0008 HERBAGREEN TEA  Price  Shopping Cart 0 **HerbaGreen®** Tea, provides powerful antioxidant polyphenols of 15 cups of conventionally brewed green tea. Continuing scientific studies have proven the health benefits of Green Tea polyphenols. Compared to vitamin E, the antioxidant properties of polyphenols are up to 40 times stronger. **HerbaGreen®** Tea taken daily provides free radical fighting components that help maintain a strong immune system. Drink This great-tasting caffeine-free herbal concentrate daily to detoxify and maintain good health. **HerbaGreen®** Tea is also an excellent addition to a weight loss program.

Our Green Tea contains 90% polyphenols, 50% of which are EGCG (epigallocatechin gallate). Lotus leaf is rich in isoflavones. Kudzu helps to open the blood vessels and get the ingredients where they can be active. Lo Han and Stevia provide a balancing and moistening effect on internal organs. Active ingredients: Green Tea, Lotus Leaf, Lo Han, Stevia, Kudzu, Chinese Licorice.
