

Aller-Response™

Bio-Aligned Formula™ * With Activated Quercetin™, Ginkgo and Synephrine

enlarge bottle

Aller-Response is a Bio-Aligned Formula designed to modulate immune system response. It supports multiple body systems such as immunity, histamine regulation, adrenal stress response, mucous membranes, and prostaglandin metabolism. Aller-Response features quercetin, ginkgo and bromelain, a pineapple enzyme. Human cell culture studies with quercetin have demonstrated its capability to inhibit the release of histamines. Ginkgolide B, in human cell culture studies, was found to inhibit platelet-activating factor, a substance that stimulates histamine release from immune cells.

Supplement Facts

Serving Size: 3 tablets

	Amount	%DV
Vitamin A (as palmitate)	2,500 IU	0.5
