

Soy Extract

Contains phytoestrogens beneficial for women†

Dietary Supplement

Product Numbers: 08946

Product Quantities: 60 Softgel Capsules

Soy Extract is a source of immune-enhancing saponins and phytic acid, which are believed to prevent free radicals from damaging cells and tissues†. Soy is also a source of phytoestrogens, which play a vital role in supporting women's health. †

The glycoside forms of isoflavones present in the soy extract are converted in the intestines to the bioactive aglycone forms, genistein and daidzein.

Product Nutrient Categories: Herbal

Recommendations: One to three softgel capsules daily.

Serving Size: 1 Softgel Capsule	**Amount/Serving**	**%DV**
Soy Bean (Glycine max) Extract standardized to contain 15% isoflavones calculated as their glycoside forms, genistin and daidzin (Non-GMO)	100 mg	*
