Grape Seed Extract Plus 350 mg

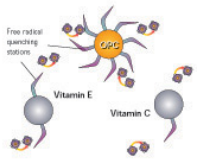

The Antioxidant that delivers scientifically tested and clinically proven health benefits.

Scientific research has identified how free radicals contribute to cell destruction. Because cell damage is at the root of most health problems and aging disorders, protecting ourselves from free radical activity is a significant preventative measure for a long and healthy life.

Flora has formulated Grape Seed Extract Plus a powerful antioxidant, by blending Masquelier's Authentic OPC Complex with a full spectrum of bioflavonoids from bilberries and cranberries.

A Potent Antioxidant:
Masquelier's Authentic OPC (Oligomeric ProanthoCyanidins) complex is twenty times more powerful than vitamin C and fifty times more powerful than vitamin E in its ability to scavenge free radicals. OPCs are able to "donate" electrons to unstable free radicals and to neutralize them without the danger of becoming unstable themselves.

Masquelier's Authentic OPC Complex in Beyond Grape Seed protects cells and tissue by neutralizing free radicals and blocking destructive enzymes. This OPC Complex penetrates both water and fat cellular membranes. OPCs even have the capacity to cross the blood-brain barrier. They maintain the structure and integrity of the veins, arteries and capillaries, which ensures efficient circulation.

Health Benefits:

Cardiovascular
Provides nutritional support for a healthy heart. Maintains normal blood flow.

Circulatory
Promotes a healthy circulatory system by strengthening capillary walls and reducing leakage.

Skin
Helps reduce the visible signs of premature aging such as wrinkles and sagging skin. Protects collagen against destructive enzymes and free radicals.

Leg Veins
Strengthens weak and swollen blood vessels in the legs.

Allergies
The OPCs in Grape Seed Extract Plus block the release of histamine, relieving allergies.

Sports Activities
Enhances the body's recovery following strenuous workouts.

Eyes
The combination of bilberry extract and OPCs provides antioxidant protection to safeguard the integrity of the retina and cornea of the eye.

Urinary Infections
A therapeutic level of cranberry powder helps treat urinary tract infections, and supplies additional OPCs.

Age Spots
Helps eliminate age spots caused by sun damage.
