MSM

Methylsulfonylmethane * 750 mg, 1,000 mg and Powder

enlarge bottle

MSM serves as an important source of bioavailable dietary sulfur, a mineral that plays a critical role in maintaining the integrity and elasticity of connective and other tissues. It is an important component of proteins found throughout the body, such as in hair, nails, skin and tendons. Taking MSM throughout the day helps replenish the body's supply of assimilable sulfur.

Supplement Facts for powder

Serving Size: 1/2 teaspoon

	Amount	%DV
