Apricot Kernel Oil is an all natural oil derived from the innner portion of the Mediterranean apricot. Vegetable derived oils date back to Biblical Times when they were mixed with fragrant herbs to create traditional ointments. Similar to Almond Oil, Apricot Kernel Oil nourishes your skin, softening lines and bringing a healthy glow and is a wonderful massage oil. In addition, it is rich in essential fatty acids, making it ideal as a treatment for soft, radiant hair. As an all-over body moisturizer, work several drops between your palms and then massage into the desired area. For hair, use Apricot Kernel Oil as a hot oil hair treatment for softer, more radiant hair.

**Details**

**Suggested Use:** Use as a cosmetic oil or cosmetic ingredient for softening and moisturizing. This 100% pure oil is also excellent used as a salad dressing and dietary oil.
