Supplements win awards for one reason – sheer excellence. NOW's Super Enzyme formula, based on its high potency and complete profile, has quickly become a favorite among our customers. Scientifically engineered with an extensive blend of essential enzymes, papain, pancreatin, bromelain and more, this is a highly effective product that can greatly assist in the digestion of foods. As a result of illness, smoking, poor diet, age and a weakened gastrointestinal system, our body's natural production of enzymes is prone to decline. Enzymatic deficiency can commonly lead to gas, indigestion, heartburn, bloating and non-absorption of vital nutrients. Super Enzymes, endorsed by best-selling nutritional author, Dr. James Balch, are the award winning solution!*
