Propax™ with NT Factor™

PROPAX DIRECTIONS: As a dietary supplement take 2 or 3 packets over the course of the day. The 4 multi-tablets may be taken with or without food and should be consumed at least 20 minutes before or one hour after the softgel fish oil capsule. The softgel fish oil capsule is best taken with food.

DESCRIPTION: Propax with NT Factor® unit dose consist of a closed cellophane multi-packet containing 4 tablets and one soft gel capsule. The soft gel capsule contains fish oils which is the source of EPA (eicosapentanoic acid) & DHA (docosahexanoic acid). These are main constituents of the Omega 3 class of fatty acids. NT Factor is a part of the tablets as are all the other labeled nutrients.

All Propax w/ NT Factor ingredients are derived from food. It contains no stimulants of any kind. Propax with NT Factor does not contain starch, salt, wheat or other gluten sources, dairy products, soy protein, animal by-products, artificial flavoring, artificial coloring, animal stearic acid, digestible plastics, or sugar.

Serving Size; 1 Packet

Tablets (contains NT Factor® and all other ingredients except DHA & EPA [fish oils])

Note: tablet color may vary slightly. This is because Propax does not contain any dyes or coloring and is completely composed of food and food extracts. Any preservatives present are naturally occuring such as Vitamin E.
