Sore, overworked joints can be a nuisance. That's why NOW Glucosamine/MSM with Arnica Lotion was developed. By uniting three of the most effective joint supporting supplements available, this fast-acting liposome lotion goes to work immediately to help soothe tired, aching joints. Thanks to advancements in the liposome technology, it's now possible to deliver vital nutrients through the epidermis and deep layers of tissue. With Glucosamine Sulfate having such a unique molecular structure, external application may actually be a more effective way to deliver this cartilage-friendly compound.*
