Pepogest® provides natural gastrointestinal comfort. The essential oil found in peppermint leaves soothes the occasional disruptions in the bowel often caused by nervousness, overeating and/or changes in the diet.*

Targeted release™ for maximum effectiveness.

Pepogest® softgels are uniquely enteric-coated to withstand stomach acid and target the release of peppermint oil directly into the intestinal tract. Research confirms that peppermint oil is more effective and better tolerated when protected form stomach acid.

Dosage
Take one softgel three times daily with water, 30 minutes to one hour before food. Discontinue use if heartburn occurs.

Dosage Form
