

Cholestoril Plus™

(Triple Action - Vegetarian)

With pantethine and a proprietary phytosterol blend

Dietary Supplement

Product Numbers: 05519

Product Quantities: 90 Tablets

Triple-Action **Cholestoril Plus**™ combines two ingredients that work together in three ways to help you retain healthy cholesterol levels already within normal limits.† Pantethine acts at the synthesis stage in the liver to help support healthy cholesterol production.† Phytosterols work in the intestines to help impede the body's ability to absorb cholesterol from foods.† They also impede reabsorption of cholesterol from bile.†

Recommendations: One tablet three times daily, with or immediately before each meal.

Serving Size: 1 Tablet	**Amount/Serving**	**%DV**
Sodium	10 mg	<1 %
Proprietary Phytosterol Blend beta sitosterol, campesterol, stigmasterol, brassicasterol, and other plant sterols	400 mg	*
Pantethine	200 mg	*

*Daily Value (DV) not established.

Other Ingredients: cellulose, modified cellulose gum, modified cellulose, silicon dioxide, magnesium stearate, lecithin, and carnauba wax.

Contains No: sugar, yeast, wheat, gluten, dairy products, artificial coloring, artificial flavoring and preservatives. This product contains natural ingredients; color variations are normal.

Notes: You get cholesterol from your diet and your body produces it. Cholesterol in the diet is found only in animal-derived foods (meat, milk, eggs, poultry, etc.). So, there are two ways you can retain healthy cholesterol levels that are already within the normal range: change your diet and/or influence your body's healthy cholesterol-making activity.†

† **This statement has not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.**
