MSM (Methylsulphonylmethane) is a natural form of organic sulfur found in all living organisms. This natural compound, researched since 1979, provides the chemical links needed to form and maintain numerous different types of tissues found in the human body, including connective tissue such as articular cartilage. While MSM is a natural componenet of almost all fresh fruits, vegetables, seafood and meat, food-processing methods reduce sulfur levels, making supplementation more important than ever. NOW® MSM is tested to meet a minimum 99.7% purity level.

Lignisul® MSM (Methylsulphonylmethane)	1.8 g (1,800 mg)	*

* Percent Daily Values are based on 2,000 calorie diet.
† Daily Value not established.

Details

Serving Size: 1/3 teaspoon

Suggested Use: As a dietary supplement, take 1/2 teaspoon 1-2 times daily in juice or other liquid. If intestinal gas occurs, reduce dosage.

Free of: sugar, salt, starch, yeast, wheat, gluten, corn, soy, milk, egg or preservatives.

Other Ingredients: Silica (anti-hardening agent). Vegetarian Product.

Warnings: This product may contain large granules or irregular shaped crystals. These granules/crystals, however, will dissolve easily in warm water or other liquid.

Disclaimers: Due to presence of Silica (anti-hardening agent), this product may appear slightly cloudy when mixed with liquid.

Lignisul® MSM is a registered trademark of Halton Health, Inc.

This product is sold by weight not volume.
