Glucosamine Chondroitin

combination

SupportsJoint Health

120 Capsules Prod # 19019
240 Capsules Prod # 19021

Suggested Usage: Take 4 capsules per day, or as directed by your qualified health consultant. Do NOT use if allergic to shellfish.

Glucosamine Chondroitin Combination provides clinically studied qualities of these nutrients for optimizing joint health.

Glucosamine Sulfate is an essential component of joints and intestinal tissue and is involved in the production of synovial fluid, which lubricates the joints. Sulfur is also utilized in the production of cartilage tissue.

Chondroitin Sulfate stimulates the synthesis of hyaluronic acid which is the lubricant for joints as well as a major component of connective tissue in the skin.
Vitamin C and **Manganese** are required for the synthesis of collagen and cartilage.

For best results, use with Jarrow's **Biosil™**, containing the biologically active form of silicon.
