The human heart beats on average over 100,000 times per day. This is a 24-hour a day job that requires complete heart-healthy nourishment, cellular protection and a reserve of energy that is literally never-ending. To support these demanding needs, NOW Heart Support contains energy releasing L-Carnitine and B-vitamins along with CoQ10 and Alpha Lipoic Acid - two powerful antioxidants, vital to the cellular protection and free radical destruction of hard-working heart muscles. When used in conjunction with a healthy diet and exercise regimen, this state of the art heart-friendly formula is a perfect companion on the road to a healthy heart.*
