Glucosamine Chondroitin Liquid

enlarge bottle

Source Naturals Liquid Glucosamine Chondroitin 1500 mg/1200 mg utilizes a specific combination of ingredients, in a pleasant tasting and highly assimilable liquid form, to maximize joint health. Glucosamine and chondroitin sulfates are the metabolic precursors of normal cartilage. Recent studies have demonstrated that glucosamine and chondroitin sulfate can act synergistically to lubricate joints, nourish cartilage and connective tissue, and assist in wound healing.
